

# STM Weekly Round Up

w/e 09.06.23

Dear Parents and Carers,

Welcome back to our final term of the year. As you can imagine there will be many things going on in the next few weeks so please ensure you are fully aware of upcoming dates via our communication round up, school website or twitter account.

Our class sharing assemblies are now in full swing and it is lovely to welcome parents and family members into school and showcase the fantastic things going on. Those of you that have been in to the school recently may have spotted a fantastic and vibrant display as you walk through our school office. Art club have worked extremely hard to create the most magnificent piece of art that has brought many smiles and cheered up a neglected, blank space. Huge thanks to our art club coordinators Mrs Kent and Mrs Nguyen.

## Year 6 Enterprise Week

Next week will see our Yr 6 class become budding business owners as they take part in enterprise week. Every afternoon break the class will set up stalls on the playground and sell different items from bracelets to ice cream to sweets and chances to take part in raffles and sports games. A lot of time has gone in to the planning and Year 6 are excited to share their businesses - even running their own assembly to the rest of the school so the children know what is for sale on each stall. Items range from 50p - £2.00 and all money raised will be going towards their end of year treat, so they would love your support! If your child would like to bring in some money to spend on these stalls can we please ask that it is in a labelled envelope/bag so it can be handed to the teacher for safe keeping until the afternoon. Thank you.

## Air Quality Convention 2023

On Thursday 8th June, the JTA's (Junior Travel Ambassadors) along with Mrs Jarvis attended an Air Quality convention at Charlton House. They found it very interesting and took part in a range of workshops and activities. We are planning to share them with the rest of the school on Clean Air Day (see below for more information)

On Thursday 15th June, we will be holding our very own Air Quality Day. People around the UK will be coming together for Clean Air Day and spreading the word about air pollution and what we can do to tackle and protect our health too. Teachers will deliver a special session about Clean Air Day and we are encouraging a CAR FREE ZONE around our school with families travelling to school either by foot, bike or scooter.

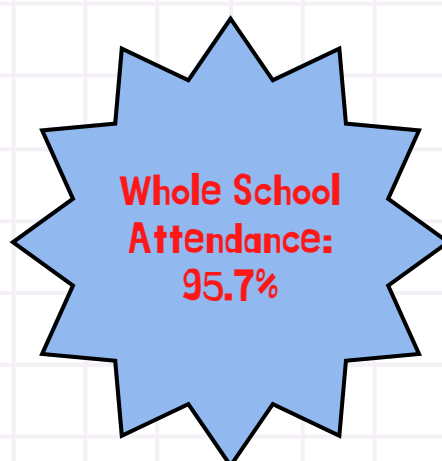

# STM Weekly Round Up

w/e 09.06.23

**This week's attendance figures -  
Well done Year 2 & Yr 5!**

<u>Year Group</u>	<u>Attendance</u>
